Pleater Board Kits

from by Storm™

Regular and
Fan- Shaped
Pleater
Board Kits

Quick-n-Easy
to make and
1/4 the cost!

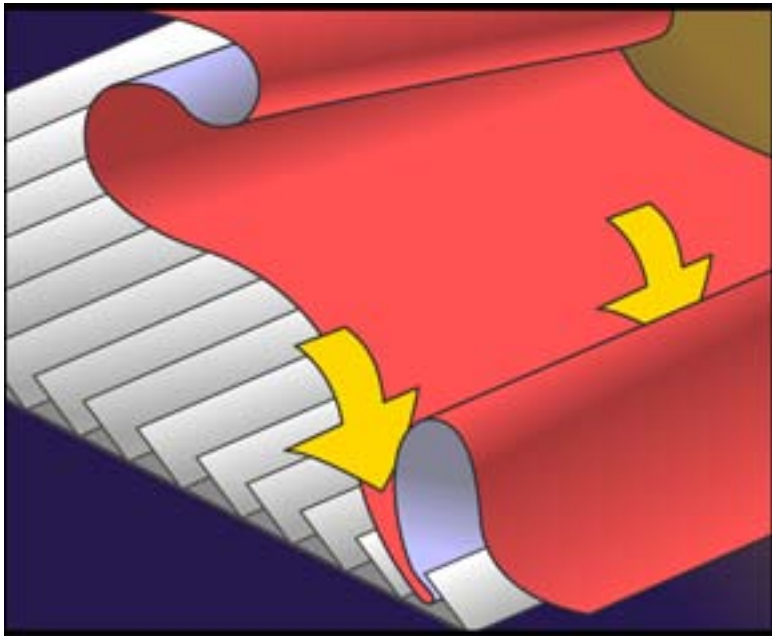

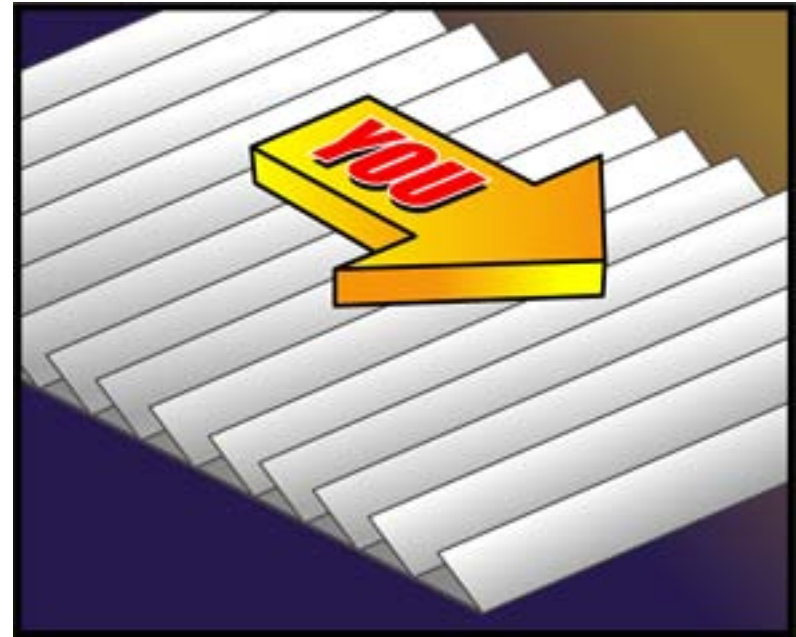

Our pleater board kits are quick-and-easy to make and even easier to use.

- **Pleat 'N Go™** - finished pleater board 10" x 15"; time to make, 1 hour.
- **Fan 'N Go™** - the only pleater to make fan pleats. Finished pleater board 12" x 18"; time to make, 1-1/4 hours.

How to use a pleater board...

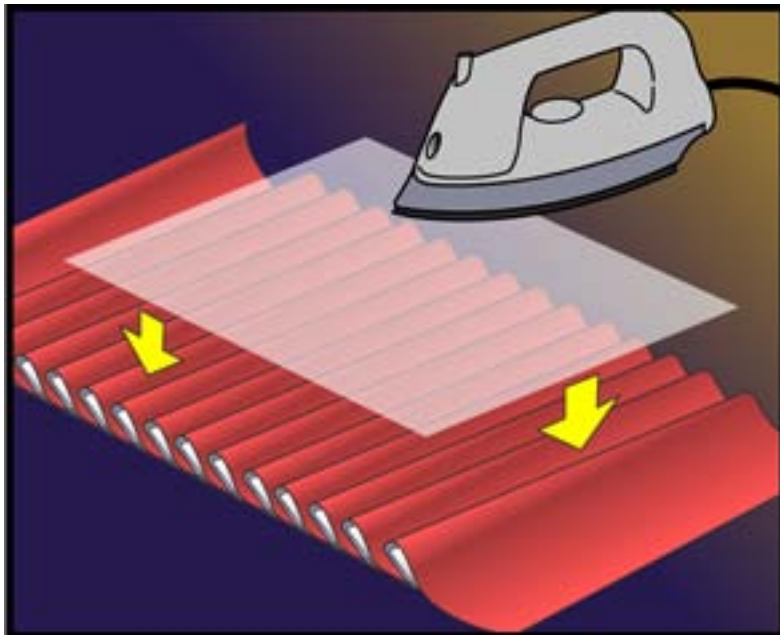

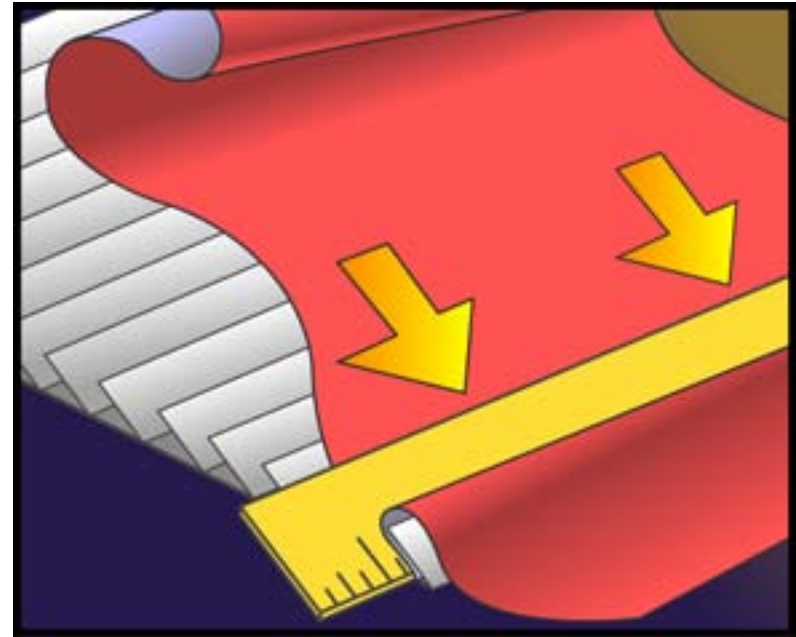

Open slats on pleater board
face **AWAY** from you.

Insert your fabric into the
first open slat.

And then...

Use a ruler to make sure the fabric is **all the way** in the slot.

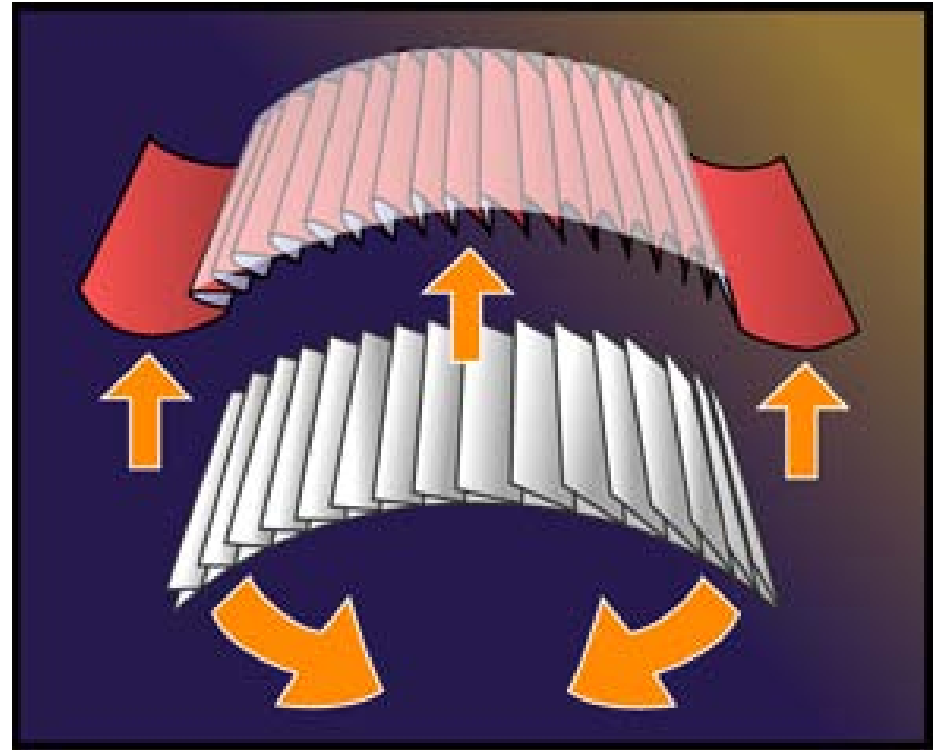

A lightweight fusible is a great way to **secure** your pleats.

Remove your pleated fabric...

Gently roll the pleated fabric out of the pleater board.

Your fabric is ready to use!

The **Fan 'N Go™** is used the exact same way... but you'll end up with **fan shaped** pleats.

Note: you'll be working with the **WRONG** side of the fabric UP when using a fusible.
